

An Award Winning Venue

Nestled in unspoilt parkland and glorious gardens, Elton Hall is a stunning, romantic and private setting for your wedding.

It has been a family home for over 450 years and its fascinating architecture provides the perfect backdrop for your event. The award winning gardens include an Orangery, magnificent flower garden, sunken garden and manicured lawns and provide an utterly unique and spectacular setting for your wedding.

Situated on the Cambridgeshire, Northamptonshire border Elton Hall is easily accessible and yet maintains a private and secluded atmosphere.

Your Wedding

We work with you to make your day unique.

Elton Hall offers a variety of options for wedding ceremonies and receptions to suit.

From an intimate Orangery ceremony to a big marquee party in the parkland, our team are here to help create the perfect occasion.

We offer a choice of spaces, licensed for civil marriages and partnerships. Our Billiard Room can accommodate up to 70 people, the Coach House up to 40 and our charming Orangery up to 45.

This can be followed by a drinks reception in the garden and, if you wish, a seated wedding breakfast in the Billiard Room and Coach House for up to 70 guests.

Our well-equipped catering kitchen, just off the Billiard Room can be hired separately.

If your dream is a big marquee party then we can accommodate a larger reception in the garden for drinks and photographs, followed by a marquee reception. The marquee can be sited within the unspoilt parkland, with extensive views across the fields.

We have a selection of recommended suppliers to help create the perfect day.

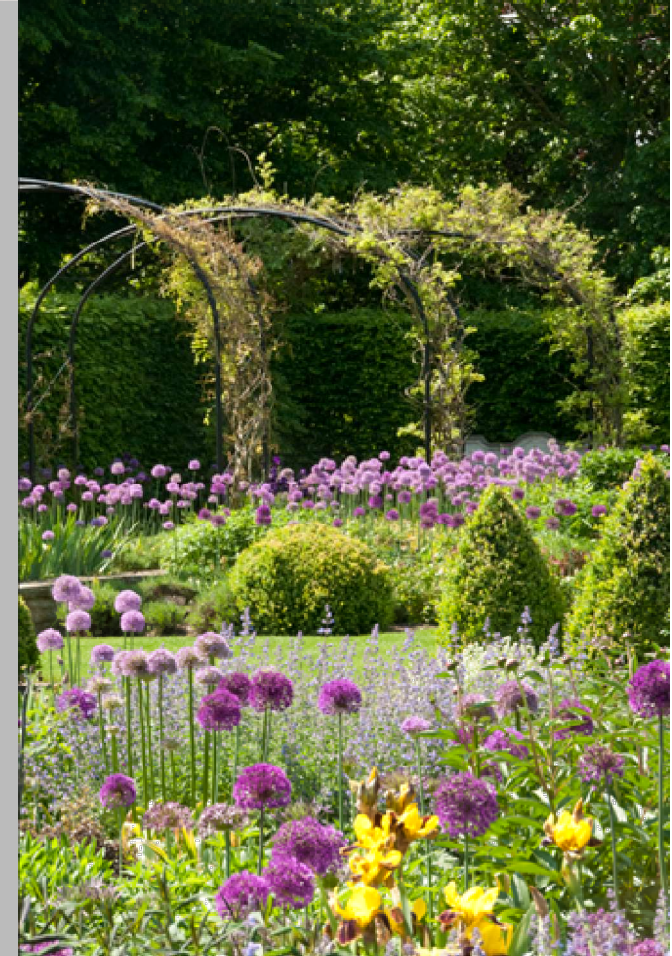

Our Gardens

We are immensely proud of our award winning gardens, which you would have exclusively for your wedding day.

They provide the perfect backdrop for whatever size of event you wish. From intimate ceremonies to drinks and canapes, you and your guests can enjoy the sunken lily pond, the spectacular water feature in the flower garden, the neatly clipped topiary and the Gothic orangery in the Mediterranean-style garden. All giving lots of fantastic photo opportunities.
